

Hope, Trust, Competence

Dear Supporter of the Congress of the People,

A strong mood of HOPE is sweeping the nation. To go from HOPE to REAL CHANGE, Unification is needed. Your party, the COP, is committed to that goal of UNIFICATION with the right SUSTAINABLE formula for NEW POLITICS in T&T. Your Party has already presented the new Political Leader of the UNC, Mrs Kamla Persad Bissessar, as well as NJAC, TOP, Labour and NGOs, with the Principles and Values which must be the foundation to bring about and sustain this change in politics and government. (Please visit www.coptnt.com for COP's position on both "Unification" and "Fixing the Politics")

We know that you are not just interested in elections. You want to see REAL CHANGE for the nation, i.e., a NEW, BETTER WAY OF GOVERNING OUR NATION, where the needs of our people are put before the self interests of the politicians and their friends and families; where the nation's children, youth and elderly have a far greater priority than tall buildings, unneeded Summits, Toruba Stadium, NAPA, and so on.

To ensure we achieve your strong desire for CHANGE, we need your help.

A strong COP will prevail in achieving Unification with the right Sustainable formula that will win the approval of the wider nation, now in a deep crisis of values in the leadership of our country.

The COP is not a Party of big Financiers as the other two parties, and we do not want to be either. We need your contributions, no matter how small.

- Write a cheque to the "**Congress of the People**" and mail or drop it off at 213 Caroni Savannah Rd, Chaguanas, or 2 Broome St., St. Clair, **or** donate cash at the above addresses and obtain an official receipt.
